5. The option to buy the Post Office property is not of much use to Government. We do not want the land & the use of that they have rent from Government.

The Postmaster General suggests

that we should offer to buy the Post Office at once, and pay in instalments, or defer payment as long as they are occupied by the Government officers.

Yes, if he buys

I think we must have Mr. Esquire's request for the sale of the land & buildings may be complied with - But the extent of the land will be reduced if the proposed Post Office is located as proposed by me in my minute to Mr. Standish Lee. Ask Mr. Standish Lee to locate the Post Office and to have the portion around it surveyed & to be demarcated. Sale of Mr. Esquire's land & the area ascertained. Then I will give a price per acre for the land & accordingly - deduct for it the price of his Post Office and add the cost of Buildings - which last I will get ascertained from Standish Lee -

I think I had better place on record the conversation which I had with Col Robertson on the subject of this land.

On this day I visited him we had the usual conversation on other matters & when I was about to take leave of him he said

"Have you any objection to give that land which Madhavarao & Do you know it"?

Reply. "Yes. I think I know the land - it is on the other side of the road which has been traced I have no objection."

Resdt "It will be inconvenient to Mr Madhavarao & others build upon it. Is it near your house?"

K. "No. it is not near mine even if it was I should not object"

R "I think there are enough houses built in that locality & I would not build any more"

I think the Resident also mentioned

that the Servant herself thought
I would have objection" I observed
"I had none and did not see
why the Servant should have thought
so"

Note.

Mr. Madhava Rao, C.I.E., has forwarded a bill for Rs.875/-, being the amount of house rent payable to him at Rs.50/- per mensem, for the building in his compound which was till recently used for the accommodation of the Plague Commissioner's Office.

The outhouse in question was originally built in Mr. Madhava Rao's compound at the cost of Government. It was subsequently sold to him for Rs.4845-10-7 and it was then directed that so long as the Plague Commissioner's Office was held in that building, a rent of Rs.50/- per mensem should be paid by Government to Mr. Madhava Rao. This arrangement commenced on the 15th December 1900 and lasted up to the 31st May 1902, on which latter date the Plague Officials were completely removed from

the building in question.

. . I would have passed the bill as it is in accordance with orders, but as the amount has been allowed to accumulate and there is no separate provision in the Budget for the current Official year, I beg to submit the papers to the Dewan for sanction to the expenditure being charged to the Plague Budget of this year.

Sir

I have the honor to sub-
mit, for orders of Government, letter
of yesterdays date from Mr. D.
Madhava Rao, regarding the land
to the north of the new deviation
near his house on the Golf road.

It will be seen from the enclosed
plan that the land measures 4 acres
and 10 guntas.

Mr Madhava Rao's land in
Jackasandra village (Survey No. 15
2 acres 17 guntas) has been taken
up

up for the Malleswara Extension.
Compound
valuable corner of his ~~land~~ has
been utilized for the new road.
Although this is only 12 guntas in
extent its value to the house is tenfold
greater than other land in this locality
Mr Madhava Rao requests that the
land to the north of the deviation
and adjoining this compound may
be granted to him. I think the request
is a fair one. Deducting the area of
his land taken up for Government
he has to pay for 1 acre and 21 guntas
The price offered by him viz. Rs 300/-
per acre is very fair and may, in
my opinion, be accepted.

I have the honor to be
Sir

L.R. (A-5) 128-97

From V.P. Madhava Rao Esquire,

To The President, City Municipal
Commission,
Bangalore.

Sir,

I shall be glad by your placing the following before Government with your support and obtaining early orders thereon.

Survey No 18 (2 acres 17 guntas) of Jakkandra Village has stands in my name (Vide Govt Progs. No [illegible] dated 9th June 1898 granting the land to me) and has been taken up for the Municipal extension; also 12 guntas in the compound of my house has been taken up for the new Road. Total 2 acres 29 guntas.

The land on my side of the compound lying to the North

of the New Road is ½ acres. 10 perches.
This land is too near my house to
be granted to others without
depreciating the value of my
house & also the health of my house.
Government have moreover
taken away a bit of my compound
adjoining the Main Road &
made a Road through it which
brings my house in too close a
proximity to a public thoroughfare.
I believe Law entitled, under
the circumstances, to be granted
the land adjoining my compound
& to the North of the new Deviation.
The total acreage of this land
amounts to ½ acres. 10 perches.
Deducting from this, 2 acres. 29 perches
of the two pieces of land above
referred to belonging to me and
taken up by Government, the
balance comes to 1 acre & 21 perches.
I shall be glad to pay any reason-
-able price that Government may
fix on this excess. The average
price paid by me for the site on
which my house stands is less than

(57)

Rs 200, per acre. The land purchased from the Race Course Committee was Rs 500 per acre. The land now in question is, not so well situated as the land on which Bungalow stands or the land purchased from the Race Course Committee. Should Suggest, all things considered, that a rate of Rs 300/- per acre would be reasonable. At this rate 1 acre & 21 guntas would be Rs 457. 8. in value. I shall be obliged if Government could grant me this land on my paying this amount.

Government have now constructed an office for the Plague Commissioner & also a Stables on this land. I may also be given the option of purchasing these buildings at cost price.

I herewith enclose a plan of the site prepared by the Assistant Engineer in charge of Vile Road Div. N.

Yours truly,

M Purshottamdas

GOVERNMENT OF MYSORE

Macanudo
27 May 1899

My dear Col Robertson

The Old Silladar Parade ground at Bangalore - South of the Race Course - is now at the disposal of the Govt for other purposes - & we have made a road across it from the Corner of Mr Madhava Rao's Compound to the Railway level Crossing. On the North of this new Road, there are some 4 1/4 Acres & on the South approximately 10 or 11 Acres. (See tracing Enclosed)
Mr Madhava Rao applied to buy the former (4 1/4 Acres from Govt. - The area will be reduced by a wide margin for an Avenue - or a Ride - but there will still be some 3 Acres or so for sale to Mr Madhava Rao. This plot adjoins Mr Madhava Rao's Compound: an important Corner of his Compound (12 Guntas) has been cut off by the new Roads: he has invested in an expensive house which is an ornament to the Locality & he is naturally anxious to prevent any other private houses springing up at any future time on the land in question: & it is always sound policy for a Govt to afford reasonable help & encouragement to builders of large Houses in a new Locality - Under such circs I have no doubt that Mr Madhava Rao has

more than Rs 100/ per acre. Perhaps the best plan is to get Col. Grant to fix the price of land.

Yrs Sincerely

K.S.

in question

I do not think that the land (i.e. the small plot north of the new Road) will be required for any public purpose hereafter. The larger piece on the South of the new Road shd. I presume be reserved for public purposes & not given for private occupation or buildings.

I enclose for further information copies of the Depty Comrs' letter of 5 January submitting Mr Madhava Rao's application of 4th January with the tracing already refd. to - There has been built upon the land in question a new Plague office and outhouses - The full Cost of these buildings must of course be charged, in addition to a reasonable price for the land. The price of land to be fixed is a matter of detail, which can easily be decided, when once the Sale is approved of

My present opinion is that Rs 500/ per acre will be a reasonable rate for this locality. The land in the Malleswaram Extension (refd. to in Mr Madhava Rao's letter) is not worth

a moral claim upon the Govt. and that the land
shd be sold to him for a fair & reasonable price
to be fixed by the Govt. But I have some delicacy
in dealing with the matter on my own authority.
If one had a Ruling Maharajah I wd have
submitted the question for his orders with my own
strong recommendation. But under existing circs
the only Course open to me is, as I have already
informed Mr Madhava Rao, to submit the matter
to you in the first instance and then with your
support to seek the Highness the Maharaja
Regent's sanction to the transaction —

Mr Madhava Rao is anxious for an early decision
so as to enable him to erect a proper Compound
wall at once. I shall be very glad if the matter can
be settled before you go on leave — Mr Madhava Rao's
position as a State Councillor & his relation with
me make it particularly desirable that I shd
thus seek your advice & help in the disposal of
this matter.

locality – This I have done today –

In my opinion there is no objection whatever to Mr. Madhava Rao's being allowed to acquire this plot of land, indeed he has clearly a moral if not a legal right of pre-emption in regard to a site which the land he now owns bounds on two sides, and which could only be required by an outsider to Mr. M. C's detriment –

I would suggest that Col. Grant be asked to survey, and assess the market-value of, this land, as well as that of the piece in the Mallesvara extension, taken up by the State, which belongs to Mr. Madhava Rao, and that he be required to pay the difference.

I may mention that Mr. Krishna Raja is

11/12 Read,

Letter No. 85 dated 5th January, 1899, from the President City Municipality, Bangalore, submitting an application from Mr V. P. Madhava Row, stating that 2 acres and 17 guntas of his land at Jakkanda Village were taken up for the Malleswaram Extension, and 12 guntas of his Bungalow compound for the new road, and requesting that the land on his side of the compound lying to the North of the new road, measuring 4 acres and 10 guntas may be given to him; and expressing his willingness to pay a reasonable price for the excess area, and adding also that the portion of

Letter abstracted from G.O. Revenue III 12/12/1900

purchasing at cost price the two buildings standing thereon, may be given to him —

(2) D.O. dated 1st July 1900 from Colonel J. P. Grant reporting the valuation of the lands comprised in the above application —

(3) D.O. dated 3d September 1900 from Mr. Lee, Sanitary Superintending Engineer, forwarding a plan showing the correct measurements of the land to be given to Mr. Madhava Row, as well as of the bit taken from his Bungalow-Compound, and laying down the condition to be endorsed in regard to the grant of the land applied for —

Order No. 7944-8½ dated Bangalore, 12th December 19

The land applied

for measures 4 acres and 10 guntas, and forms part of the Old Silladar Parade Ground south of the Race Course Bangalore - After deducting what is required for a wide margin for an avenue the area available, is, as reported by the Sanitary Superintending Engineer, 3 acres & 28 guntas, which adjoins the compound of Mr. Madhava Rao Bangalore - This will be granted to him subject to the condition that no stables, Cow-sheds or Latrines shall be erected on it, so as to border on the public road which is intended to be made the main approach road to the Island Platform of the City Railway Station -

2. As regards the price to be fixed for the same, Colonel Grant who was requested to report about the valuation, states that

it may be estimated at Rs 600 per acre - This the Government considers a very reasonable rate - Computing accordingly, the price payable for the 3 acres and 28 guntas is Rs 2220. From this has to be deducted, the price of Mr. Madhava Row's two other lands taken up by Government, viz, 12 guntas, from his Bungalow compound for the new road, and 2 acres and 17 guntas of land in Jakkanda Village for the Mallesandram Extension, for both of which no compensation has yet been paid - Colonel Grant estimates the former at Rs 1000/ and the latter at Rs 200/ per acre, or Rs 300 and 485 respectively, in all Rs 785. This reduces the net amount payable by Mr. Madhava Row to Government to Rs 1435. To this must be added, Rs: 3340 X 8.5 on account of the two Government buildings standing on the land which cannot be separated or removed —

X Rs

(82)

The aggregate amount which has to be recovered from Mr Madhava Row on account of the land and buildings thereon, thus amount to Rs: 4775. 8. 5- Mr. Madhava Row will be allowed to pay the said sum either in a lump or by six equal monthly instalments to be deducted from his salary. On payment of the full amount the rent payable by Govt. for the buildings afore-mentioned, will be fixed by the Chief Engineer P.W.D. and the order of Government in the General Department obtained for payment of the rent payable to Mr Madhava Row, so long as the buildings are occupied by the Plague Commissioners' Office.-

In reply to your letter of the 17th January 1901, No. 7175 / Mis 1933 forwarding 2 Statements A & B showing details of the expenditure of Rs 70-2-2 incurred by Government in repairing the building sold to me, I beg leave to state that the said amount cannot — in all fairness — be charged to me for the reason that it was not spent in improving the building or enhancing its value but only in repairing the building to make it habitable as otherwise

transaction would have been perfectly
fair both to the purchaser and to the
Government. But of course such a
settlement would involve a certain

the building would have come down. I do not like to contest the bill, item by item, as I should only be taking the valuable time of Government in explaining self evident things.

I must not omit in this connection to bring to the notice of Government the fact that Government have not deducted from the original cost of the buildings recovered from me an item of Rs 172-8-. being the value of ventilators and ridge tiles which the Sanitary Engineer removed from the building when carrying out repairs and ~~succeeded~~ credited to the Stores. This amount, which I feel sure will be refunded to me, could only have been included in the original bill by oversight.

With reference to para 2 of the letter under reply, I beg to state that, had the principle which guided the Government in seeking the benefit of professional advice in fixing the rent payable on the building been followed in valuing the building as well, the whole

Order thereon :--- 7341 Mis 2045 2/22/1/07

The value of the buildings &c. fixed in the Orders of Govt., Nos 7944-8½/Mis.1712 and 8404-8/Mis. 1805 dated respectively the 11th and 21st December 1900 was voluntarily paid by Mr.Madhava Rao, and in consideration of such payment the sale was completed. The rent payable for the building, as fixed by the Plague Committee, has also been fixed and made payable from the date of payment of the purchase money. The issue of the Draft Grant is pending insertion of measurements of the land which the Deputy Commissioner has been directed to furnish. The sale having been completed, the question now raised cannot be considered.

They were removed after 10th January 1899.

(3) Why was no mention of such removal made in the Standish Sale & the Queen's Private Secretary asked 13 12/00 ?—

Because the work was done by the Ranger Bro a few months before the S.C. sale was not reported to this Office.—

(4) Was the value of the materials from the account maintained in the said House and S.C. Rs: 3340-8-5 and if so why was this not brought to the notice of the Government on receipt of Proceedings quoted above ?—

This is a point for Government to decide, it is not usual to credit the value of Government buildings under such circumstances as this maintained when sold will not fetch a tenth of their cost, the cost of the buildings remains the same.

Because the number of the materials was not known, the information could reach this Office in the Stock Survey Return of Tools and Plant of 1900 in this Office in January 1901.

The materials may be handed over to the Mukhtarkars as they are included in the value fixed for the buildings.
